

MOBILE APPS

There are many great applications out there to use to create content or make your job easier as a journalist. Hopefully, there were a couple new apps (or types of apps) you learned about in this lesson. For this activity, test out two different app types and complete the questions below.

- Download the app
- Test it out
- Think about how it could work to generate content
- Answer the questions below.

APP #1

App Name:

Why did you choose this app:

Describe what you did to test it out?

Explain how you think it could be used to help you be a better journalist or how it could benefit your staff.

APP #2

App Name:

Why did you choose this app:

Describe what you did to test it out?

Explain how you think it could be used to help you be a better journalist or how it could benefit your staff.
